To Whom It May Concern:

I live in Kingman Arizona in Mohave County. I would like to express my absolute support for Rhodes Homes.

From what I can tell, there are a couple different ways for a community to grow. The first being wildcat construction that places many water wells into the aquifer. The second would be those that build homes that look exactly the same no matter which way you look at them.

My preference is a well planned community like Rhodes Homes. They build beautiful homes, parks, schools, community centers, etc... I would love to be able to bring my family up in a community like that.

I urge you to pass the CC&N as soon as possible. I hate to tell you that growth will happen if you pass or don't pass this measure. The question is do we want planned growth or unplanned growth?

The answer looks simple to me. I hope you can see the simple answer as well. Please pass the CC&N so that Rhodes Homes can start their construction. It is important for all of us in the Kingman Golden Valley area.

Sincerely,
